

ST. JUDE REFERRAL INFORMATION

Huntsville Affiliate Clinic

Step 1: Determine patient eligibility

Diagnosis

As one of only eight affiliate clinics of St. Jude in the nation, we offer exceptional care to eligible children and young adults with diagnosed or suspected diagnoses of:

- Cancer
- Sickle cell disease or other blood disorders
- Human immunodeficiency virus (HIV)
- Genetic conditions that increase a child's risk of cancer

Clinical trials

St. Jude accepts most patients based on their ability to enroll in an open clinical trial. For a list of clinical trials, visit stjude.org/research/clinical-trials.html.

Age limits

For most diseases and treatments, St. Jude accepts children, adolescents and young adults who are 21 years old or younger at the time of acceptance. Exceptions to this age limit include:

Ages 18 and up:

- Acute lymphoblastic leukemia (ALL) and some other forms of childhood leukemia
- Nonmalignant hematological disorders (non-cancerous blood disorders)
- Genetic predisposition for cancer

Ages 25 and up:

- Certain solid tumors
- Certain brain tumors
- Surgery
- Radiation oncology

Step 2: Complete information needed to initiate a referral

We require standard demographic information to initiate the referral or consultation process. This includes:

- Referring physician name and contact information
- Patient's name
- Patient's date of birth
- Patient's address and phone number
- Patient diagnosis and treatment history

Step 3: Contact St. Jude Affiliate Clinic

You can contact the St. Jude Affiliate Clinic to initiate or request a free consultation for your patient by calling or faxing a referral form. Office: (256) 265-5833 · Fax: (256) 265-5834

Please visit our website at hhwomenandchildren.org/st-jude for a printable version of the referral form.
